

ENPHASE

Enphase Mobile App-My Enlighten

The MyEnlighten app provides mobile-optimized features so that you can monitor your Enphase system's energy production on the go.

With Enphase MyEnlighten, system owners can track their energy production, monitor their system's health, and share their data with family and friends, all from a simple, mobile-friendly interface.

MyEnlighten is the monitoring experience built specifically for the system owner. Delivering at-a-glance verification, MyEnlighten gives you the assurance that your Enphase System is performing as expected.

- Easily verify system health and performance
- View energy production by month, day, or hour
- Analyze performance against historical weather data
- Share performance information on Twitter, Facebook, or Google+

How to register your MyEnlighten app:

1. Go to the App Store or Google Play Store and download the MyEnlighten app.
2. Your installer will register your system with Enphase using the email address you provided to them during the sales process.
3. After your system is powered on and has operated successfully for 24 hours, you will be sent your MyEnlighten login credentials.
4. Your username is the email address you provided to your installer. You will be sent a temporary password that you will reset when you first log on.
5. Look for your Welcome Email in your spam or junk folder if you do not receive it within three days of system turn-on following PTO.

If you have deleted your welcome email, you can request a new password by visiting enlighten.enphaseenergy.com and clicking on the Forgot your Password link.
